

BGU Scholarships for Women Post-Doctoral Scholars Abroad in the fields of Engineering Sciences and Natural Sciences

Ben-Gurion University of the Negev will award a number of scholarships for women researchers pursuing post-docs abroad in the academic years 2019-20, in the fields of Engineering Sciences and exact Natural Sciences (mathematics, physics, computer sciences)

Scholarship amount:

\$40,000 (\$20,000 per year)

Scholarship aims:

To assist excellent women PhD who have been accepted as for post-docs abroad and who have received partial funding.

Prerequisites:

1. Scientific excellence and the potential to become a faculty member at BGU.
2. Acceptance to a post-doc fellowship at a leading institution in their area of specialization and obtaining partial funding.

The scholarship is open to women candidates from any Israeli university.

Applications should be sent no later than Sunday, **May 5, 2019**, to The Office of Advancement of Women in Academia, e-mail: Women@bgu.ac.il

Please attach the following:

1. A written application outlining accomplishments achieved during doctoral studies; program for post-doc studies; expected travel date; academic prospects.
2. C.V.
3. Letter from the designated advisor abroad.
4. Documentation confirming additional funding.
5. Recommendation letter from the candidate's PhD advisor to be sent directly to The Office of Advancement of Women in Academia.

Faculty members – please pass this to doctoral candidates you advise.
